

CORRIGENDUM
to the
CONTRACT NOTICE No.1

Publication Ref: EuropeAid/137118/IH/SUP/RS

Subject: Supply of Road Weather Information System (RWIS) equipment, software and training

Location: Republic of Serbia

The contract notice is corrected or modified as follow:

Point n°: 6. Description of the contract

Instead of:

The main goal of this Contract is to enable the competent national institution Public Enterprise “Roads of Serbia” (PERS) in collecting, updating and processing road weather information data from the Road Weather Stations (RWSs) in real time. Its aim is to provide various services for different end-users for the planning and management of winter road maintenance through secure access to a common database serving a network of existing and new RWSs located in different parts of the country.

The purposes of this contract are as follows:

- Supply and delivery of Road Weather Stations (RWSs) their on-site assembly and installation on the field (Project locations);
- Supply and installation of a Central Server for communication with the (existing and new) RWSs and presentation of data on road-weather conditions;
- Supply and configuration of communication equipment for transfer of data;
- Supply of software for collection, processing and presentation of data from RWS (operating system, data base, software for data collecting, software for data processing and presentation);
- Procurement and installation of software for calculation of winter maintenance costs;
- Training for PERS’s staff in operating with required supplies and software.
