II.1.1) Title:

Supply of equipment for solid waste source separation schemes in 4 regions

II.1.4) Short description of the contract

The purpose of this contract is purchase of wheeled containers and bins, refuse collection trucks for the Public Utility Companies (PUCs) that belong to Regional Waste Management Centres (RWMCs), in order to enable local waste operators (PUCs) to organize systematic collection and transport of dry municipal solid waste fraction – recyclables, from households to the waste transfer stations or directly to secondary separation line.

As a consequence, it is expected that the amount of recyclable waste in 17 municipalities will increase and that the quantity of landfilled waste will decrease, improving the municipal solid waste management in line with EU standards and Serbian legislation (specific objective) towards achievement of the Waste Framework Directive and Landfill Directive targets. This action will improve quality of life of citizens by raising environmental standards in Serbia towards EU levels (overall objective).
