#### **4. Legal basis, eligibility and rules of origin**

The legal basis of this procedure is Regulation (EU) No 2021/1529 establishing the Instrument for Pre-accession Assistance (IPA III).

For this contract award procedure, participation is open to all natural persons who are nationals of and legal persons (participating either individually or in a grouping – consortium – of candidates/tenderers) which are effectively established in a Member State of the European Union or in an eligible country or territory as defined under Article 11 of Regulation (EU) No 2021/1529 establishing the Instrument for Pre-accession Assistance (IPA III).

#### **5. Candidature**

All eligible natural and legal persons (as per item 4 above) or groupings of such persons (consortia) may participate or tender.

A consortium may be a permanent, legally established grouping or a grouping which has been constituted informally for a specific procurement procedure. All partners of a consortium (i.e., the leader and all other partners) are jointly and severally liable to the contracting authority.

The participation or tender of an ineligible natural or legal person will result in the automatic exclusion of that person. In particular, if that ineligible person belongs to a consortium, the whole consortium will be excluded.

#### **6. Number of requests to participate or tenders**

No more than one request to participate or tender can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or partner of a consortium submitting a request to participate or tender). In the event that a natural or legal person submits more than one request to participate or tender, all requests to participate or tenders in which that person has participated will be excluded.

In case of lots, the candidates or tenderers may submit only one request to participate or tender per lot. Contracts will be awarded lot by lot and each lot will form a separate contract.

#### **7. Grounds for exclusion**

Candidates must submit a signed declaration, included in the request to participate form, to the effect that they are not in any of the situations listed in Section 2.6.10.1 of the **practical guide (PRAG)**. Where the candidate intends to rely on capacity providing entities or subcontractor(s), he/she must provide the same declaration signed by this/these entity(ies).

Candidates included in the lists of EU restrictive measures (see Section 2.4. of the PRAG) at the moment of the award decision cannot be awarded the contract.

## **8. Sub-contracting**

Sub-contracting is allowed.

## **9. Number of candidates to be short-listed**

On the basis of the request to participate received, between 4 and 8 candidates will be invited to submit detailed tenders for this contract. If the number of eligible candidates meeting the selection criteria is less than the minimum of 4, the contracting authority may invite the candidates who satisfy the criteria to submit a tender. If the number of eligible candidates meeting the selection criteria is more than the maximum allowed, the contracting authority will rank them using the re-examination criteria stated below.

## **10. Short-list alliances prohibited**

Any tenders received from tenderers having a different composition than the ones mentioned in the short-listed request to participate forms will be excluded from this restricted tender procedure, unless prior approval from the contracting authority has been obtained – see practical guide 2.6.3. Short-listed candidates may not form alliances or subcontract to each other for the contract in question.

## SELECTION AND AWARD CRITERIA

### 16. Selection criteria

#### Capacity-providing entities

An economic operator (i.e. candidate or tenderer) may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. If the economic operator relies on other entities, it must in that case prove to the contracting authority that it will have at its disposal the resources necessary for the performance of the contract by producing a commitment by those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality as the economic operator relying on them and must comply with the selection criteria for which the economic operator relies on them. **Furthermore, the data for this third entity for the relevant selection criterion should be included in a separate document.** Proof of the capacity will also have to be provided when requested by the contracting authority.

With regard to technical and professional criteria, an economic operator may only rely on the capacities of other entities where the latter will perform the tasks for which these capacities are required.

With regard to economic and financial criteria, the entities upon whose capacity the economic operator relies, become jointly and severally liable for the performance of the contract.

The following selection criteria will be applied to candidates. In the case of requests to participate submitted by a consortium, these selection criteria will be applied to the consortium as a whole if not specified otherwise. The selection criteria will not be applied to natural persons and single-member companies when they are sub-contractors.

The candidate shall not use previous experience which caused breach of contract and termination by a contracting authority as a reference for selection criteria.

The selection criteria for each tenderer are as follows:

**1) Economic and financial capacity** (based on item 3 of the request to participate form). In case of candidate being a public body, equivalent information should be provided. The reference period which will be taken into account will be the last three years for which accounts have been closed.

- The average annual turnover of the candidate over the last three years (for which accounts are closed) must be at least 1.500.000 EUR.
- Current ratio (current assets/current liabilities) in the last year for which accounts have been closed must be at least 1. In case of a consortium this criterion must be fulfilled by each member.

**2) Professional capacity** (based on items 4 and 5 of the request to participate form). The reference period which will be taken into account will be the last three years preceding the submission deadline.

- At least 5 staff currently work for the tenderer in fields related to this contract.

**3) Technical capacity** (based on items 5 and 6 of the request to participate form). The reference period which will be taken into account will be the last five years from submission deadline.

a) The candidate has implemented at least one (1) contract (with a portion of the services carried out by the candidate being at least EUR 1.000.000) which includes services of development and implementation of the Operational Integrated Administration and Control System (IACS).

AND

b) The candidate has implemented at least 1 (one) contract (with the portion carried out by the candidate being at least 500.000,00 EUR) which includes services of development of software for Integrated Administration and Control System (IACS) components.

Note: Requirements under 16.3.a) and 16.3.b) may be fulfilled through one contract with minimum value of the portion carried out by the candidate being at least 1.500.000 EUR.

This means that the contract the candidate refers to could have been started at any time during the indicated period but it does not necessarily have to be completed during that period, nor implemented during the entire period. Candidates are allowed to refer either to projects completed within the reference period (although started earlier) or to projects not yet completed. Only the portion satisfactorily completed during the reference period will be taken into consideration. This portion will have to be supported by documentary evidence (statement or certificate from the entity which awarded the contract, proof of payment) also detailing its value. If a candidate has implemented the project in a consortium, the percentage that the candidate has successfully completed must be clear from the documentary evidence, together with a description of the nature of the services provided/supplies delivered if the selection criteria relating to the pertinence of the experience have been used.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the request to participate of these candidates must be re-examined in order to rank them and identify the 8 best requests to participate for the tender procedure. The only additional comparative criteria that which will be taken into consideration during this re-examination, in the order in which they appear below, are:

- 1) the total number of the reference contracts found eligible under criterion 16.3 (in case one contract covers more than one criteria 16.3.a) and 16.3.b) it will only be counted once during the re-examination).
- 2) the cumulative value of the eligible part (the portion carried out by the candidate) of the contracts found eligible under point 16.3.

**N.B.**: additional comparative criterion No 1 shall be applied to all the eligible candidates that meet the selection criteria. If, after applying additional comparative criterion No 1, it is not possible to identify the 8 best candidates because two or more candidates are tied for the 8th position, additional comparative criterion No 2 shall be applied only to these tied candidates.

## **17. Award criteria**

Best price-quality ratio.

## **20. Deadline for submission of requests to participate**

The candidate's attention is drawn to the fact that there are two different systems for sending Requests to participate: one is by post or private mail service, the other is by hand delivery.

receipt given at the time of the delivery of the request to participate that will serve as proof.

**The deadline for submission of requests to participate can be found in the contract notice.**

Any request to participate sent to the contracting authority after this deadline will not be considered. The contracting authority may, for reasons of administrative efficiency, reject any request for participation submitted on time but received, for any reason beyond the contracting authority's control, after the effective date of approval of the short-list report, if accepting requests to participate that were submitted on time but arrived late would considerably delay the evaluation procedure or jeopardise decisions already taken and notified.

**21. Clarifications on the contract notice**

Any request for clarifications must be made in writing through F&T portal<sup>2</sup>. This concerns request for clarifications about the contract notice and also request for clarifications about the content of the document called “Additional information to the contract notice.” F&T portal login is required to be able to create and submit a question. Clarifications can be requested by clicking “Create a question” in the Questions & Answers section at the latest 21 days before the deadline for submission of requests to participate stated in the contract notice.

Clarifications will be published on F&T portal at the latest 8 days before the deadline for the submission of requests to participate. The website will be updated regularly and it is the candidates responsibility to check for updates and modifications during the submission period.

**22. Outcome of the evaluation**

By submitting a request to participate candidates accept to receive notification of the outcome of the procedure by electronic means. Such notification shall be deemed to have been received on the date upon which the contracting authority sends it to the electronic address referred to in the request to participate form.

**23. Alteration or withdrawal of requests to participate**

Candidates may alter or withdraw their requests to participate by written notification prior to the deadline for submission of requests to participate. No requests to participate may be altered after this deadline.

Any such notification of alteration or withdrawal shall be prepared and submitted in accordance with precedent item. The outer envelope (and the relevant inner envelope if used) must be marked ‘Alteration’ or ‘Withdrawal’ as appropriate.
