No.	Question	Answer
1.	The potential candidate has asked: “In section 21.3 a) where it reads “ <i>The candidate has provided services under at least two contracts (with value of the activities in the project carried out by the legal entity being at least EUR 750.000, e.g. at least 50% in case overall contract value of EUR 1.500.000) (...)</i> ” does it mean that the candidate has to present two individual contract references with each value equal or greater to 750.000 Euro OR that the accumulated value of the presented contract references shall be equal or greater to 750.000 Euro?”	The selection criteria stated in the section 21.3. a) of the Contract notice reads : “ <i>The candidate has provided services under at least two contracts (with value of the activities in the project carried out by the legal entity being at least EUR 750.000, e.g. at least 50% in case overall contract value of EUR 1.500.000)...</i> ”. This means that the candidate has to present two individual contract references with the value of activities carried out in each of the referent contracts equal to or greater than 750.000 EUR, i.e. 750.000 EUR of activities carried out in the first referent contract, AND 750.000 EUR of activities carried out in second reference contract.
